## SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Agent Ham and secretary Baxter were re-elected at the annual meeting of the Boot & Shoe Workers union at the large and unnecessary drainage Haverhill Saturday after a bitter fight.

Bell & Co., dealers in shoe factory supplies and machinery, now located in Beverly, have announced their intention of removing to Salem at an early date.

Edward Houston, carpenter, 53 years old, was probably fatally burned in Lynn yesterday afternoon while mixing chemicals in his cellar at 12 Rockaway street.

Mrs. Mary J. Harris and Mrs. Mary Healey of Newburyport fought to a finish in that city the other day, hot water, tea kettles and stones figuring in the arguments. Both were arrested and the case is pending.

William Hilcoet and Samuel Appleton were fined \$10 and \$25 respectively in the Lynn police court Saturday charged with inciting to riot in connection with the strike at Jacobson & Jacobs' leather remnant factory.

Taken suddenly and violently insane Albert Nelson, a Swede, of Lynn, made a determined attempt to kill his wife Saturday night and after a fierce fight with Officer Brazell, in a nude condition he led the police a spirited chase before he was taken into custody.

Julius Nelson, a Swede, attempted in a fit of insanity to murder his wife and two children in their tenement in Lynn. Police Officer John F. Brazell heard the woman's cries and forcing the door open, got there in time to overpower the man after a hard struggle, in which the officer broke his club over the man's head.

As the result of an explosion of a compound composed of wax and turpentine or benzine, at Lynn, Edward Houston, a carpenter by trade, who resides in the rear of 10 Rockaway St., was so terribly burned about the face and body Sunday that the doctors at the hospital, where he now lies, consider his case decidedly critical with only slight chances for his recovery.

George H. Brown, 35 years old, of Salem, is under arrest in Lynn, charged with assault with intent to kill Fred Shields, of Salem. Three shots were fired, two of which took effect, but the wounds are thought not to be serious. Brown declares that Shields robbed him of his wife's affections, and trailed the couple from Salem to Lynn. He says that he did not try to kill Shields, but wanted to expose him.

### BUNTINGS 93; MERRIMACK 47.

LOWELL, Sept. 10.—In the state league cricket series Bunting defeated Merrimack, 93 to 47, this afternoon. Bunting, fearing that darkness would prevent a completion of the game, declared its innings with seven men out.

West, Rowley, Marshall, Patrick and Burns did some fine batting for Bunting. Gordon, who made the best score for Merrimack, was caught by Gath after being missed by Watson on a long fly. Rudden was the most effective bowler of the day. He took seven for 26 runs. Burns three for 14, Wilkinson three for 38 and Moss three for 21.

Bunting's next game in the state league series is with Everett in Lowell, Sept. 24. The league secretary notified Bunting this afternoon that the next game with Merrimack will be at Lawrence, Oct. 1.

If Bunting wins both games they will secure the state league championship.

## FIRST GRAND JURY IN NEW COURTHOUSE.

For the first time since the completion of the new superior court house the grand jury for Essex county convened in this city Monday. A week's session of the superior civil court for the hearing of jury waived cases was opened at 10 o'clock and a session of the probate court was held. Next Monday, after the report of the grand jury, which will probably be made on Saturday, a six weeks' term of the superior criminal court will open. Three young men were admitted to the bar.

Court came in promptly at 10 o'clock, with Judge William B. Stevens of Stoneham on the bench. After the usual proclamation by Crier Tilton, Clerk of Courts E. E. George read the roll call of the grand jurors, who were then instructed by the court as to their duties. Prayer was offered by the Rev. C. C. Earle.

After the reading of the trial list motions were heard by the court.

A hearing was held in the case of C. Mabel Woolford of Rockport against the Phenix Insurance company of Brooklyn, N. Y., an action of contract in which the plaintiff seeks to collect fire insurance amounting to \$6,000 on a building which she owned in Rockport and which was destroyed by fire Jan. 24, 1903. F. W. Brown represented the defendant and Sayward the plaintiff. Decision was reserved.

The next case taken up was that of Ephraim F. Bergeron against Mary F. Richstein, both of Lawrence, an action of tort growing out of a dispute over a right of way which plaintiff claims to have through the land of the defendant on Tremont street. Knox and Cousin appear for the plaintiff and Bradley and Rogers for the defendant.

On motion of Harry R. Dow, the case of O'Connor vs. the Arlington Co-operative association was added to the trial list.

Divorce cases will be heard after the disposal of the court and equity cases.

Judge Stevens announced that he would hear motions which are contested only when the cases are reached in the ordinary course of trial.

Henry H. Lepper of Swampscott and Patrick H. Lyons of Danvers were admitted to the bar, the oath being administered by Clerk George. Later in the forenoon George C. Donaldson of Topsfield was also admitted to the bar. He was delayed in reaching the courthouse as he had just returned with his regiment from Manassas.

## THE GRAND JURY.

An unusually large number of cases will be considered by the grand jury this week, many of them important. Cases from Lynn and Newburyport were presented Monday. District Attorney Roland H. Sherman did not reach home from Manassas in time to attend to the summoning of witnesses, etc. He began work at once on routine matters and expects to have the grand jury report ready by Friday or Saturday.

Following is a list of the grand jurors:

Smith, Lawrence, paper maker; John W. Tatham, Lawrence, gas fitter; Samuel Thayer, Andover, farmer; Thomas J. Erickson, Gloucester, merchant; Frederick L. Wallis, Beverly, clerk; George P. Webster, Boxford, clerk.

## THE PROBATE COURT.

Judge Harmon presided at a session of the probate court in this city today.

A hearing was held in the case of Dube vs. Dube, a petition for separate maintenance having been brought by Mrs. Joseph Dube against her husband. The court ordered the husband to pay his wife \$10 a week. There are five children, two of whom are to remain with the mother and three with the father.

The following routine business was transacted: Willis allowed—Of Lucy Brown, Haverhill, Philander N. Gile, executor; Henry Duemmling, Lawrence, Mary Duemmling, executrix; William Laing, North Andover, Eliza J. Nash, executrix; Caroline B. McFarlin, executor; Archibald D. McFarlin, executor; Edwin R. ## WHAT ALL THE WORLD IS DOING

Trend of Civilization in All Lines From Week to Week

### POLITICS and GOVERNMENT

#### General.

##### Republicans Sweep Vermont.

The election in Vermont resulted in a Republican plurality of 31,500, a mark which has been exceeded only once in thirty years—namely, in 1890, the first McKinley year. Four years ago they carried the state by 31,312. Charles J. Bell is the successful Republican candidate for governor. This result in Vermont is regarded by Republicans everywhere as a foretaste and sign of Republican victory in November. Democrats, on the other hand, say that it does not mean anything decisive one way or the other, although disappointed at not reducing the Republican vote. A significant feature was the fact that the labor vote in the larger cities and towns went to the Republican candidate. The vote for congressmen followed closely that for governor, and the legislature was unchanged.

##### Debs Heard at New York.

Eugene V. Debs, the presidential candidate of the Social Democratic party, opened his campaign in New York with a big meeting at Carnegie hall, Sept. 6, presided over by George D. Herron. Mr. Debs made answer to ex-President Cleveland's article on the Chicago strike and described Mr. Cleveland's opposition as "governmental anarchy." He described Mr. Parker as a tool of the oil trust and characterized Roosevelt's record as one of implacable hostility to the working-man.

##### Democratic Editors Meet.

About 300 Democratic editors and many other Democrats of prominence were the guests of the Democratic national committee at the Waldorf-Astoria, New York, Sept. 7. The principal addresses were made by Colonel Watterson of the Louisville Courier-Journal, Editor Howell of the Atlanta Constitution and Editor Ridder of the New York Staats-Zeitung. Mr. Watterson described President Roosevelt as "a sweet gentleman as ever settled a ship" and in "a self-willed adventurer upon the high seas of public life." Editor Howell charged Roosevelt with working sectional harmony. Editor Pulitzer of the New York World urged Parker to take the reins.

Next day the editors called in a body on Judge Parker at Esopus. He in his words of welcome aroused much enthusiasm by saying that the September state elections decided nothing and that the result in Vermont simply admonished Democrats of the need of harmonious co-operation.

##### Davis' Majority Smaller.

Unofficial returns from the Arkansas state elections, Sept. 6, showed that Governor Davis had been re-elected to a third term by a plurality of about 20,000, only half as large as was given to him two years ago. The falling off was largely attributed to personal unpopularity of the Democratic candidate.

##### Campaign Notes.

Candidate Fairbanks, on his way from Marion, Kan., to Brunswick, Me., made numerous speeches, in which he claimed that the Democrats had done nothing to restrain trusts. Chairman Cowherd of the Democratic congressional committee controverted the assertion in the Republican textbook that the Republicans had originated rural free delivery. He says it was originated by a Democrat, Livingston of Georgia, in 1892, and received its first appropriation from a Democratic congress.

The Wisconsin Democratic convention named ex-Governor George W. Peck for governor by acclamation.

The New Hampshire Democratic convention named Henry F. Hollis for governor.

The Connecticut Democratic convention named its ticket at New Haven, with A. H. Robertson for governor.

The Delaware Democratic convention named C. S. Pennewell for governor and a full ticket.

It was reported at Elkins, W. Va., that Candidate Davis had limited his campaign contribution to \$50,000, but this was not confirmed.

Public attention was called to the fact that in one part of the Republican campaign book the Democratic reciprocity plank was quoted as a Republican one. Secretary Coolidge says there was very little difference between the planks anyway and that the Republican plank was correctly printed elsewhere.

The Associated Press, in the interest of accuracy, has voluntarily corrected its report of the speech made by ex-Senator Hill at Deposit, N. Y., Aug. 25. In that report Mr. Hill was quoted as charging President Roosevelt with being a fraud, whereas Mr. Hill said nothing of the kind.

Ex-Senator James K. Jones of Arkansas, who was chairman of the national committee, and J. G. Johnson of Kansas and Charles A. Walsh, all

ardent Bryan men, have been accorded salaried positions on the staff of the national Democratic committee. This move is expected to bring into line much of the Bryan vote.

George H. Shibley of Washington, who was nominated by the Continental party at Chicago last week for the vice presidency along with General Charles H. Howard of Chicago for president, has declined the nomination on the ground that the platform does not give first place to the initiative and referendum.

#### Foreign.

##### 15,000 Armenians Starving.

The American consul at Karpuz estimates that 3,500 Armenians have been massacred in Sassun and that 15,000 survivors are destitute.

##### Plehve's Successor Chosen.

Prince Sviatopolk-Mirsky, governor general of Vilna, has been selected to succeed the late M. de Plehve as minister of the interior. The prince has not been identified with harsh measures and is comparatively a young man.

##### German Crown Prince Engaged.

The emperor of Germany has announced formally the betrothal of Crown Prince Frederick William to Duchess Cecilia, youngest sister of the Grand Duke of Mecklenburg-Schwerin. It is understood to be a love match.

##### Czar's Concessions to Jews.

A decree has been issued at St. Petersburg making certain concessions to the Jewish population of Russia. It allows those of liberal education to conduct business anywhere, and Hebrew counsellors of commerce or manufacturers may reside anywhere.

##### American Adviser For Korea.

The Japanese government has announced that Durham W. Stevens, now counselor of the Japanese legation at Washington, shall be the diplomatic adviser to the Korean government, while Director Megata of the revenue bureau will be the financial adviser. By virtue of an agreement signed at Seoul Aug. 22 provision was made for these foreign advisers. The important part of the new treaty gives Japan absolute control of the foreign relations of Korea.

##### Tibet Yields to British.

In the palace of the grand lama at Lassa, Sept. 7, a treaty between Tibet and Great Britain was signed, containing all that Colonel Younghusband had asked. The British force prepared to leave Sept. 16.

##### Socialists Against Officeholding.

The international Socialist congress at Amsterdam disapproved of Socialists holding office under nonsocialistic government. Move was directed especially against Jareus, the leader of the French parliamentary Socialists.

#### Legal and Criminal.

##### Injunction For Miners.

Judge Marshall in the federal district court at Denver, Sept. 6, granted an injunction to the Western Federation of Miners to protect the Interstate Mercantile company of Butte, whose union stores at Cripple Creek and Victor, Colo., were wrecked and their employees deported by the Citizens' alliance and Mine Owners' association. The injunction was granted against the offending individuals, and the war department ordered troops to be ready to protect the owner of the company, H. M. Heimbinger, when he should return to Cripple Creek.

##### Southern Reign of Terror.

The list of negro murders and negro lynchings in the south, and especially in Georgia and Alabama, had numerous additions. The lynching bee at Huntsville, Ala., was especially notable because in the efforts of the mob to get at the accused negro murderer, Horace Maples, the soldiers on guard were overpowered and several of them were wounded. At Brunswick, Fla., the negro Bradley, who brutally murdered Mrs. N. B. Barrett with a baby at her breast, was captured and surrendered

to the mob by two negroes. Bradley was not only hung to a tree, but his body was found in a mutilated condition. In the affair at Huntsville the jail was burned down. At Selma, Ala., three white deputy sheriffs were arrested for murder, having helped in the lynching of the negro Edward Ball a month ago. At the same place a negro mail carrier, W. M. Huggins, was brutally assaulted by two white men.

##### Decision Against Market Cornering.

Judge Chytrous of the superior court at Chicago has decided that members of the board of trade who succeed in making a corner in wheat, corn and other commodities by transactions on the exchange have no right to compel payment of manipulated price instead of the actual value of the commodity at the time fixed for the settling of trades. This decision means virtually a veto of all dealings in futures.

#### Executive.

##### Third Battle of Bull Run.

The first campaign in the great army maneuvers on the famous battlefield of Bull Run between the blue army under General Grant, with base upon the Potomac, and the brown army under General Bell, with base on the Shenandoah, was in progress Sept. 6 and 7. Through the maze of technicalities surrounding the decisions of the umpire it was difficult to get a clear conception of the movements, especially as the umpire's decision was reserved. Grant was generally credited with having held off the invaders.

In the second problem of the opposing armies General Bell scored a decisive victory by flanking Grant's right wing by an all night march. Both the armies were completely worn out by the continuous marching and fighting. A general review was held Sept. 10.

##### A Colonel's Innocent Blunder.

Evidently the last had not been heard of the unusual action of Colonel John M. Clem, who, as chief quartermaster in the Philippines, recently turned into the treasury \$423,000 as the "unexpended balance" of an appropriation to enable General Wood to make war on the Moros. The colonel has been reproved and is likely to lose his command. The war department wants the money back to use for other purposes, and the treasury department cannot legally let it go.

#### SCIENTIFIC

##### Copper Sulphate Dangerous.

The controversy over the use and safety of copper sulphate against typhoid germs in water has been renewed this week by the announcement of Health Officer Woodward of Washington that he would not allow the reservoirs of that city to receive the copper treatment. He says it would be dangerous to the health of the 350,000 people who drink Potomac water. This is especially surprising in view of the fact that in many cities the copper treatment has been used with apparent success.

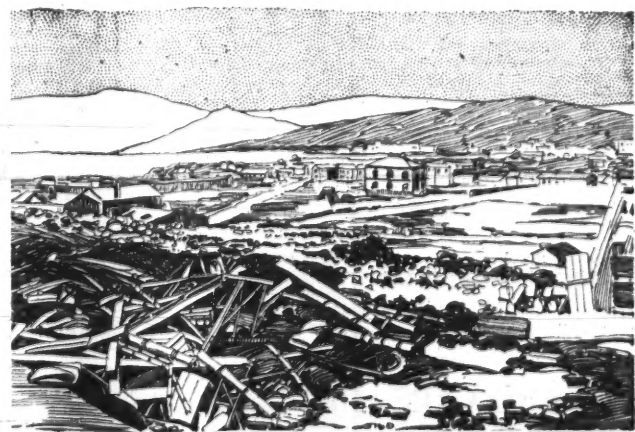

##### Geographic Congress Here.

The eighth international geographic congress began its session at Washington Sept. 7, this being its first assemblage in the western hemisphere. Meetings are to be held at various cities and at the world's congress of arts and sciences at St. Louis.

##### Chemists of the World Meet.

The leading chemists of Europe and America, comprised in the membership of the Society of Chemical Industry, have been entertained by the New York section and are to visit Philadelphia and other cities on their way to the great scientific gathering at St. Louis. Among them are Sir William Ramsay of London, Professor Liebreich of Berlin and Dr. Ostwald of Leipzig. In an address at Columbia Sir William said that most boys could become inventive chemists with the proper training. At the banquet Sir William made the important announcement that science is on the eve of discovering that the ordinary elements are produced by the breaking down of the recently identified radio active elements of high atomic weight.

S. at Reading; Nov. 2, open; Nov. 9, Pinkerton Academy, at home; Nov. 16, Reading H. S. at home; Nov. 23, Open.

At the meeting of the water board Friday evening devices were talked over whereby the present water system could be extended. So many applications have been filed for water service that the board finds it difficult to decide where to commence the extension with the limited funds available for that purpose. The members of the board with Supt. Herbert C. Crowell made a tour of inspection Saturday and it is probable that some extensions will be made in the near future.

Sunday was observed as Rally Day by the Sunday school of the First Primitive Methodist church on Center street. Arrangements were in the competent hands of Supt. Fred Liles assisted by Rev. Mr. Taylor. The observance was held between the hours of 10 and 11 o'clock, Supt. Liles being in charge of the exercises. After the opening numbers there were short addresses by Thomas White of the Arlington Heights, and Supt. of Schools Charles A. Breck. There was special singing by the Sunday school.

Miss Helen Moxson entertained a number of her friends at her home on Pleasant street, Thursday afternoon. The occasion marked the fifth birthday of Miss Moxson and the invited guests brought with them various tokens for their young hostess. The time was most enjoyably spent in games and music, the latter part of the program including piano selections by Miss Lucia Riley and Miss Marion Crosby. Refreshments were served from prettily decorated tables. Those present to enjoy the occasion included Miss Fred Oster, Mildred Jenkins, Marion Crosby, Ruth Morrison, Helene Johnson, Raymond Johnson, Marion Hutchins, Olivia George, Ursula Barker, Lucy Lea, Clara Orr, Ruth and Evelyn Fisher, Lucia Riley, Lillian Lovell, Florence, Chasle and Herbert Crowell.

The selectmen have not yet been notified of the decision of the Middlesex county commissioners regarding the matter of laying out a road through Dracut along the Merrimack river, as a county road, to be ultimately accepted as a state highway, provided a road is also laid out from the Dracut line along the line of the electric car track, to the point where the tracks leave the Lowell road to go upon private ground. Nothing will be done in the matter of laying out the local road until the Middlesex county commissioners are heard from.

### A Flying Cinder.

 The world isn't very big. Only a  
 few hours separate one ocean from the  
 other of our own continent, and those  
 annihilators of space, the American  
 locomotives, are rapidly lessening the  
 few.

 There isn't much that is new for the  
 editor to write of the past two days,  
 yet the custom of filling this column  
 each week with the seven days' accumu-  
 lations of steady burning is so firmly  
 established, it cannot be overcome even  
 at this distance. Yet it is hardly fair  
 to say "there isn't much that is new",  
 for no one could travel across our great  
 land from its easterly shore to its  
 centre without an hourly impression of  
 an ever new world. The luxuries of  
 life are new every day, and fortunate  
 indeed may he count himself who has  
 the opportunity to partake of the luxu-  
 ries of travelling as they have been  
 provided for the Governor's party on  
 this trip to St. Louis. The very best  
 that American taste and American de-  
 sire can bring together makes up the  
 comfort that attends every move of the  
 Massachusetts special train. Probably  
 one ought to feel a little guilty that  
 the public treasury must bear such  
 expenses, but so long as it must, cer-  
 tainly one may be pardoned for rejoic-  
 ing that he is a sharer in the benefits  
 of the necessity.

 And if the readers of this column  
 could see the full program of states  
 observances, and know all of what  
 every state and country of the world is  
 doing for this wonderful fair, they  
 would appreciate the "must" and take  
 new pride over the position of our own  
 great state, as it does its part, with less  
 ostentation than many, at less expense  
 than many, but with the dignity and  
 propriety that mark the Massachusetts  
 way.

 A good friend from the West, re-  
 cently a visitor to our town, enjoyed  
 himself for a few days and then began  
 to sigh for "the West". It's all his,  
 for all the writer. My share may be a  
 quarter section somewhere, but it is  
 lying anywhere along the line which  
 our train has travelled or further west  
 where our good friend journeyed, some  
 other plow than mine must break it,  
 and some other hearthstone than mine  
 must rest upon it.

 How often our New England farmers  
 sigh for level fields; there's nothing  
 else here. Miles and miles of corn and  
 wheat, and never a hill. Little houses  
 and big barns, homes to many people  
 of great states, but never to be just like  
 home to a New Englander.

 God made the country, but to the  
 son of Massachusetts, He seemed to  
 give all of his *heaping* measures to our  
 own rocky hills and beautiful valleys.  
 If you want to love Andover, run away  
 from it, and the farther away you run,  
 the more your love will grow.

 But what a ramble this is! The fair  
 is just before us. The first glimpse of  
 it is promised in an hour, and then the  
 vision is to be so filled that even a  
 story will come but slowly until it has  
 had time to digest.

 A half day, at Niagara varied the  
 outward trip in a most delightful way,  
 but calls for no comment, for comment  
 has never yet given the full color, or  
 done even partial justice to the com-  
 plete grandeur that America's greatest  
 scenic wonder has ever held for the  
 sightseer.

 The Townsman editor can have no  
 hope of giving to his readers any  
 such letters as have already appeared  
 in these columns regarding the big fair,  
 but perhaps his eyes may see some  
 things worth telling of, in a letter  
 about the show itself, for next week's  
 issue.

 If there can be even a partial glimpse  
 passed along to the many good And-  
 over friends, of the good things that are  
 in promise, the writer will feel that  
 with the glimpse there will go some-  
 thing of the appreciation which he  
 feels of the many courtesies which And-  
 over has extended to him.

## PUBLIC SCHOOLS OPENING

 Large Attendance of Scholars - Over-  
 crowding in Some Places

 The public schools throughout the  
 town opened on Monday morning after  
 the summer vacation and are now in  
 full running order. In nearly every  
 school there is an increase in attendance  
 over former years and it necessitates  
 considerable changes to accommodate  
 all the children.

 In the Stowe school the gain is prob-  
 ably the heaviest, there being 20 more  
 pupils than there is room for. In all  
 the rooms there is an overflow. In the  
 John Dove school this is also the case  
 but when the new building is completed,  
 the crowding will be overcome.

 There is an increase at the Indian  
 Ridge school in some of the rooms but  
 no inconvenience is experienced as there  
 is room for the extra number.

 The West Centre school is larger this  
 year than in previous years there being  
 37 pupils the year.

 There is a slight increase in the  
 Richardson school over last year but all  
 can be accommodated.

 The children who formerly attended  
 the Abbott school are now transferred  
 to the Bailey school. They are con-  
 veyed in a barge driven by Charles  
 Newton. This plan is most gratifying to  
 the school committee as it makes one  
 large school instead of two small ones.  
 The attendance is now 21. The North  
 and Osgood schools have both added to  
 their numbers the former having 25  
 scholars and the latter 24.

 Miss Mabel A. Richardson has been  
 selected to take the place of Miss  
 Jessie B. F. Greene at the Bradlee  
 school, the latter having been granted a  
 year's leave of absence. Miss Richard-  
 son is a graduate of the Plymouth  
 Normal School and has been teaching at  
 Rochester, N. H., for several years.

 Miss Ruby S. Copeland has been  
 granted a leave of absence for the fall  
 term and her position will be filled by  
 Miss Marie Howard, a teacher of five  
 years' experience. Miss Howard has  
 been an instructor in the public schools  
 at Everett for some time.

 Miss Julia A. Brine a graduate of the  
 Hyannis Normal school has been ap-  
 pointed to the Bailey school to succeed  
 Miss Ethel Worcester. Miss Brine has  
 had two years' experience.

 Miss Elizabeth Dodson of Frye  
 Village has been appointed assistant  
 kindergarten teacher in the Indian  
 Ridge school. Miss Dodson graduated  
 from the Lowell Normal school having  
 taken the kindergarten course.

 Punched school opened on Monday  
 morning with a very large attendance,  
 although not quite up to that of last  
 year. In the entering class there are  
 33 scholars against 50 last year. The  
 basement of the school is not used yet  
 owing to the work which is being done  
 there, but it is expected that it can be  
 used in a few days.

### Opening of Abbot Academy.

 Abbot Academy opened yesterday with  
 an excellent outlook for the coming  
 year.

 The number of students already en-  
 rolled is considerably larger than last  
 year, and the college preparatory classes  
 have made quite a gain.

 Everybody is eager to begin work in  
 the beautiful new class-rooms of the  
 McKen Building which are to be used,  
 although the new class-room furniture  
 has not yet come.

 There has been but one change in the  
 faculty. Miss Chickering is taking a  
 well earned respite from teaching, great-  
 ly to the regret of all who know how  
 inspiring her work has been in the lit-  
 erature department. Her successor,  
 Martha Howey of Canandaigua, N. Y., is  
 a graduate of Smith College, 1901, and  
 comes to Abbot from Ogontz, where she  
 has been teaching for the past three  
 years.

 Miss Schiefferdecker, Miss Knowles,  
 and Miss Boshier arrived in New York  
 Wednesday, after a delightful summer  
 spent abroad.

### Outing at Salisbury Beach.

 A trolley party comprising about 150  
 men of the town enjoyed the sea breezes  
 at Salisbury beach last Sunday and they  
 report a most enjoyable time. The  
 party left the square at 8.30 a. m. in two  
 special electric cars and arrived at the  
 beach shortly after eleven. A dinner  
 was then enjoyed at Dow's dining  
 rooms to which all did ample justice.  
 The menu included clam chowder, fish  
 chowder, chicken, baked fish, fried clams,  
 beans, potatoes, pie, bread, coffee and  
 frozen pudding.

 After dinner the time was taken up  
 in various amusements, many going in  
 bathing.

 The return trip was made in good  
 time the cars leaving the beach shortly  
 after six and arriving in the square at  
 nine. The weather was perfect for the  
 event and nothing marred the enjoy-  
 ment of the affair, except for a slight  
 accident to one of the cars making it  
 necessary to run with two motors in-  
 stead of four.

 The party was in charge of James  
 Napier and Edward E. Trefry and on  
 the return trip they were accorded a  
 rising vote of thanks. All pronounced it  
 a most enjoyable time.

## NEW PUNCHARD PRINCIPAL

 Charles L. Curtis Comes to Andover from  
 Orange High School

 Punched school opened on Monday  
 morning with a new principal, Charles  
 L. Curtis, who came here from the High  
 school of Orange.

 Mr. Curtis is a young man of much  
 ability and promises to be a great addi-  
 tion to the teaching force of the High  
 school.

### The Storm in Andover.

 Several wash-outs were reported to  
 Superintendent of Streets Jos. T. Love  
 joy Thursday morning owing to the se-  
 vere storm of Wednesday night. The  
 rain started about midnight and until  
 daybreak the downpour was incessant  
 and heavy. Many branches of trees  
 were torn off by the strong wind and the  
 streets were strewn with leaves and  
 sticks. During the night the fire alarm  
 blew several times, caused by the wires  
 coming in contact with the trees.

 Probably the worst wash-out was at  
 the foot of Abbott Village hill, in front  
 of the Village hall. Here the gutter was  
 dug up to the depth of about four feet  
 and the dirt and stones were washed  
 onto the land of Smith & Dove. It will  
 be necessary to build another and larger  
 culvert to convey the surplus water at  
 this place.

 On Walnut avenue, between Maple  
 avenue and High streets, the road was  
 torn up considerably, large boulders  
 being extricated and carried to the foot of  
 the hill. It will require several loads of  
 gravel to restore this place.

 Phillips street received its share of  
 the rain as did the road leading up to  
 the farm of William H. Higgins on Pros-  
 pect hill. Both places were pretty well  
 torn up and it will require some time to  
 put them in proper shape.

 Superintendent Lovejoy had a force of  
 men early on the work and it will be  
 hustled until finished.

## Wedding.

## SCANLON-FITZGERALD.

A very pretty and stylish wedding was celebrated at St. Mary's church, Lawrence, last Wednesday afternoon at four o'clock, when Michael A. Scanlon took Miss Josie T. Fitzgerald for his bride. The ceremony was performed by Rev. James T. O'Reilly, pastor of the church. Miss Fitzgerald is a popular young lady of Andover. Mr. Scanlon is well known in Lawrence, being at present milk inspector in that city, and is also in the real estate business.

The church was thronged with friends and relatives of the happy couple who witnessed the marriage ceremony. The bride wore a beautiful gown of white silk with chiffon trimmings, with a white picture hat to match, and carried a bouquet of bride's roses.

Miss Alice V. Fitzgerald, sister of the bride, acted as bridesmaid, and S. E. Woodbury, of the firm of Scanlon & Woodbury, as best man. The bridesmaid looked pretty in a grey silk gown of crepe-de-chene with lace trimmings and black picture hat. Thomas F. Fitzgerald, brother of the bride, and T. F. Scanlon, were the ushers.

After the ceremony the newly married couple left the sacred edifice to the strains of a march from Lohengrin. After leaving the church, accompanied by the bride's party, they were driven to the home of the bride in Andover, where a reception was held. They left on the 6:45 train for an extended honeymoon. Mr. and Mrs. Scanlon were the recipients of a large number of beautiful and useful gifts. On their return they will reside at 62 Holly street, Lawrence.

## THE PEDDLER.

Sullivan, Harris & Wood's production of "The Peddler," an excellent comedy drama by Hal Reid, will be the attraction at the Colonial theatre Monday, Tuesday and Wednesday, Sept. 19, 20, 21.

The scenes of the play are laid in New York city and the various incidents it contains are based upon life in the metropolis. From the rise of the curtain until the final fall the interest of the audience never flags, and pathetic scenes and startling climaxes pass in rapid succession. The principal role, that of Abraham Jacobson, will be enacted by Sam Thorne, the well known Hebrew comedian. Matinee every day. Prices, 15 and 25 cents.

## CANNOT SELL TOWN WATER

Town Counsel William S. Knox So Informs the  
Board of Public Works

The Board of Aldermen of the City of Lawrence met on Monday evening and at that time the committee on water works reported relative to the chance to make an agreement with the town of Andover to supply fifty million gallons of water for \$2000 and the cost of making connections, which would be \$850. An order was adopted authorizing the connection, the expense to be charged to the water department maintenance, and an order authorizing the mayor to execute a formal agreement with the town was likewise adopted.

It is not expected that the city of Lawrence will make the connections until a definite answer from Ex-Congressman Knox, the town's counsel, has been received relative to the legality of transaction.

A member of the Board of Public Works office in an interview said that in his opinion the sale would be beneficial to the town in as much as it would reduce the tax rate about 50 cents per 1000. He said that it might not possibly be worth this owing to the amount of work that would have to be put in it, necessitating extra help.

In regard to the legality of the transaction, a letter from the town counsel, William S. Knox, was received by the Board of Public Works, which is as follows:

Lawrence, Mass., Sept. 14, 1904.  
Board of Public Works,  
Andover, Mass.

Gentlemen:—In answer to a question of Mr. John E. Smith, I would say that I am of the opinion that there is no authority in the Board of Public Works, or in any inferior department or officer of the Town of Andover, to make a contract with the City of Lawrence to supply the city with water. If such a contract would be valid, it would have to be made by the selectmen and ratified at a legal meeting of the inhabitants of the town.

Whether under the provisions of Chapter 25, Revised Laws, such a contract on the part of the Town could be made, I express no opinion, as I understand that no such proceedings have been had.

Very truly yours,  
W. S. KNOX.

## VERDICT FOR DEFENDANT

American Degreasing Company Wins Its  
Case against James Brandy.

The case of James Brandy of Lawrence against the American Degreasing company of New York, whose works are at Frye Village, was brought before Judge Stevens at a session of the superior court at Lawrence on Wednesday afternoon and carried over until yesterday. The action is one of contract in which the plaintiff seeks to recover \$650 salary for three months' work for the company at \$2,500 per year, which he claims is due him. Mr. Brandy was hired, according to his testimony, to take charge of the wool scouring department of the plant, and did so, working for three months.

Mr. Walsh of Knox & Coulson and Louis S. Cox of Sweeney Dow & Cox, represented the parties. The plaintiff's witnesses gave evidence that he had been in charge of the Frye Village works and superintended the building of an office as well as the unloading of machinery shipments. Evidence tending to show that Mr. Brandy had been recognized by agents of the company was also put in by the plaintiff's witnesses.

In defense it was claimed that the agent of the company had no authority to employ Brandy or any other man for the position of superintendent, and that he did not report any such contract to the company. The American Degreasing company was organized by Messrs. Babcock and Howland and others to clean wool by the Morse method, a newly invented system. Mr. Morse hired Mr. Brandy, and machinery was bought, but while stock was issued, no funds were ever in possession of the company. Mr. Howland testified that Mr. Morse had told him that he had found just the man to be associated with the company in Mr. Brandy, and that he had a proposition to make to the American Degreasing company.

In the afternoon the case was again taken up and occupied some time, no decision being reached, the court taking the case under advisement. At court this morning Judge Stevens rendered his decision in favor of the defendant.

## PARK THEATRE.

At the Park Theatre, Boston, Ezra Kendall, America's foremost comedian, will enter upon the third and last week of his engagement in "Weather Beaten Benson," which has proved the greatest laughing success that he has ever produced since he became a star under the management of Liebler & Co., and which has surpassed all the records established by "The Vinegar Buyer" in which he has won such triumphs during the past two seasons.

All Boston is immensely enthusiastic over the great success for the first two weeks of the engagement here has been among the largest in the recent history of the Park Theatre, and has opened the new year of that playhouse under the most auspicious of circumstances. The cast is an all star one in strength and includes such prime favorites as William A. Hackett, Thurston Bergen, Harry Hanlon, Joseph Slayton, Lotta Lintlich, Ethel Brandon, Edith Tallaferrro, Laura Almogosa, Zelle Davenport and Lucille LaVerne. The stage settings are wonderful for their effectiveness, and in one scene there is a rain storm introduced in dramatic climax which is the most realistic storm in modern theatricals. Thousands of gallons of water are used for this one scene and drench the luckless comedian as no star has been soaked in years. It is a veritable cloudburst and has scored one of the great hits of the production which will be seen for a brief tour of the leading cities of New England upon the conclusion of the Boston engagement at the Park Theatre.

## UNIONS WON CHAMPIONSHIP

Defeated Andover Athletics Last Saturday After-  
noon in Close Game

The Unions earned the title of champions of Andover last Saturday afternoon by defeating the Andover Athletic association for the second time in a series of three games. They have also defeated the Ballardvale team twice.

In the first game of the series the Unions were successful, winning 9 to 4, while in the next game the Athletics turned the tables, coming to the fore and making the series even by a score of 4 to 3.

With the baseball fever worked to the highest pitch and with the expectation of a good game, there was a large attendance at the game last Saturday, each team having a good contingent of rooters. The game was not as close as was expected owing to the inability of Hayes, the crack pitcher, to be present.

Doyle, who did the twirling, was rather erratic owing to nervousness. Had Hayes pitched no doubt the score would have been different.

The captain of the Association team wished to have the game called off until the regular pitcher could be present but the Unions refused to comply with the request.

## The Game.

The Association team batted first but were unable to hit Hilton safely and up to the seventh inning were unable to score.

In the first inning the first three men up went out in order on the Unions' side while Maloney got a gift for the Association but was left at second on a stolen base, the next man being retired.

In the second Cullinane went to first on Saunders' error when two men were out and was left at first, Sutcliffe getting out. The Unions went out again in order.

In the third the Unions started their run getting. Moynihan opened with a hit but was retired at second on the fielder's choice of Kelly's hit to the pitcher.

He was brought home later on singles by Soutar and Hodnett. The Athletics had only three men at the bat. The latter opened the fourth with two hits but no runs resulted as the side was easily retired. The Unions also failed to score. In the fifth both teams called three men to the bat.

In the sixth with one man out two hits were made by the Unions and later Prescott was allowed to walk but no runs resulted, Killackey retiring the side. The seventh inning was the undoing of the Association team. Moynihan opened and got to first on Doyle's error, as did Kelly, the next man up, Hilton and Soutar got out. Hodnett, however, made a hit, bringing in Moynihan and another, Hodnett scoring. On Reed's error Saunders went to third and scored later. The Association made their only runs in this inning, Knipes and Crowley starting off with a single each. Cullinane went to first on fielder's choice, retiring Knipes at third and stole second, Crowley going to third on Saunders' error. On Sutcliffe's two base hit both men scored. Nolan and Maloney were easy outs.

No more scoring was done during the remainder of the game, all the batters going out easily.

For the Unions Hodnett was easily the best man, both in the field and at the bat, having 12 put outs and three hits to his credit. Crowley put up a star game as did Cullinane. Crowley and Reed excelled with the stick, each having two hits.

## Practice Begun.

The first practice of the candidates for the P. A. football team was held yesterday, when only seven candidates appeared. This is rather a small number to start with but Captain Thompson hopes for many more in a few days, when hard work will begin.

Of the men who responded to the call six were members of last year's squad, four being regular players of the team. They were Captain Thompson, ends, Brown, Schildmiller and Hobbs. The other old men were Daly and Taylor.

One new man responded, his name being Lawton.

## Ballardvale 3, Wakefield Independents.

Ballardvale defeated the strong Wakefield Independents on the Plains last Saturday afternoon in a close and exciting game by a score of 3 to 1. For Ballardvale Murphy pitched a star game, keeping the hits well scattered and being the most effective when men were on bases. He was ably supported by Hennessey. The base running of Bradley and the outfielding of J. Wheatley were very fine. The sacrifice hitting of the home team was very effective. Nothing could be prettier than the way Bradley was brought home from second base in the first inning by two sacrifice hits. For the visitors Maloney pitched a good ball, but at times his support was poor. Maloney fielded his position well, accepting seven chances. Harrington and Welch played well. Kennedy led his side at the bat. Two fast double plays were a feature.

## From the Milwaukee Wisconsin.

"Why wasn't I awakened at 7.30?"  
asked W. J. Hummel, of Minneapolis,  
at the St. Charles Hotel, brusquely, as  
he approached the clerk's desk. The  
clerk explained that he had been called,  
but failed to respond to the knock-  
ing on the door.

"No, I wasn't either," said the indig-  
nant guest. The clerk looked up the  
call sheet.

"What room were you in?" he asked  
with an air of soon proving to the  
guest that the boy had done his duty.

"Parlor B," was the answer.

"There is no call on the sheet for  
Parlor B," said the clerk. "There must  
be some mistake."

"Of course there was," said Hummel  
triumphantly. "Here I've been lying  
awake for an hour or more waiting for  
the boy to come and call me and he  
never came."

## Fanciest American Hotel.

The \$5,500,000 hotel, named the St. Regis, which was built for John Jacob Astor at Fifth Avenue and Fifty-fifth street, New York, and which claims to be the most richly furnished hotel in the world, opened its doors to the public last week. Some of the novel features of this establishment are heating by direct radiation, the filtration of the air and cleaning by a system of pipes connected with vacuum pumps in the basement, all dust thus being drawn direct to receptacles for removal. It is said that \$125 a day will be required to pay the expense of one who occupies the finest suit of rooms.

## Rock Island Gets Alton.

The Chicago and Alton railway, the oldest line between Chicago and St. Louis, with a mileage of 919 and capital stock of \$39,000,000, has passed from the control of the Harriman group of railroad financiers to the Rock Island group, and the interesting thing about it to people interested in railroad speculation is that the control passed by sale of stocks in the open market, largely made through John W. Gates, the man who got the Louisville and Nashville away from Mr. Belmont.

## Japan Buys Nickel Steel.

A contract for 7,500 tons of the finest grade of nickel steel plates was secured by the Carnegie Steel company Sept. 7 from agents of the Japanese government. This order confirms the report that Japan is about to begin the construction of battleships at her own dockyards. Hitherto she has constructed only cruisers. Already the largest naval guns are made at Osaka. This order will keep two of the big mills busy for three months.

## Wabash's Big Purchase.

A deed was filed at Pittsburg Sept. 9 whereby the Wabash railroad becomes the owner of the West Side Belt Railroad, the Pittsburg Terminal Railroad and Coal company and all its properties, for \$12,000,000 and outstanding bonds. The West Side Belt line taps 15,000 acres of coal land and holds seven acres of frontage on the Monongahela river.

## Southern Cotton Men Combine.

About forty manufacturers of cotton goods in the south met at Atlanta and organized the Southern Cotton Goods Weavers' association. The object is to bind its members not to place goods on memorandum or to guarantee prices to customers and to require the fulfillment of all contracts; also for the reduction of freight allowances.

## Steel Billets Down to \$19.

The manufacturers of steel billets announced a cut of \$4 a ton Sept. 7, from \$23 to \$19. The Iron Age says that the productive capacity during August increased from 246,000 to 292,000 tons a day. This was due largely to the resumption of mills in the central west. This increased productivity is thought to be responsible in a measure for the decline in price.

## Industrial.

## P. R. R. Shops on Full Time.

Orders were issued last week directing the great Pennsylvania railroad shops at Altoona, Pittsburg and West Philadelphia to go on full time, fifty-five hours a week, with a half holiday on Saturday. These orders will benefit 20,000 men.

## Largest Freight Yards.

A plan has just been agreed upon by the Pennsylvania, Southern and four other railroads entering Washington to construct vast freight clearing yards at the national capital. The yards will be the largest in the world, cover-

ing a territory of ten square miles on the Virginia side of the Potomac. The Pennsylvania will have charge of the enterprise, the other roads using the yards under leases.

## New Shipbuilding Record.

The new steamship Mohican, which was delivered to W. P. Clyde & Co. at Philadelphia by the Cramps on Sept. 7, for service between New York and Wilmington, N. C., was built in the shortest time on record for the Atlantic coast, the keel having been laid May 3 last and the launching having occurred Aug. 6.

## Labor.

## Butchers' Strike Called Off.

President Donnelly of the Amalgamated Butchers and Meat Cutters' Workmen announced Sept. 9 at Chicago that the strike of his union and the allied trades against the beef trust, which began July 12, involving over 50,000 men, with a loss of over \$3,000,000 in wages, was at an end without gaining the desired concessions from the packers. Donnelly accepted defeat rather than the destruction of the organization, and his men will now apply for their old positions without discrimination on account of union membership. Earlier in the week the referendum vote had been to continue the strike, but the decision of the New York butchers to give up the contest had foreshadowed the end.

## Elevated Strike Averted.

The basis for a peaceable settlement of the threatened strike of elevated railway motormen and trainmen at New York, backed up by the brotherhoods of engineers, firemen and electric employees, was reached Sept. 6 in a final conference between the union officials and August Belmont, president of the Interborough Rapid Transit company. It was in the nature of a compromise, the company conceding the \$3.50 daily wage to motormen on the new subway, while August Belmont, the men in turn agreed to a ten hour day instead of nine, as was demanded. All preparations had been made by the company to break the expected strike by the employment of John Farley's professional strike breakers. Three thousand men were held ready to go to work at short notice.

The attitude of the Brotherhood of Locomotive Engineers toward the open shop question was made clear by its officials when Grand Chief Stone declared that not only engineers, but other railroad unions, believed that every man had a right to work, as guaranteed by the constitution. He said they were willing to work with non-union men, but only on condition that they were paid the same and worked under the same conditions as union men.

## Dockery Fights Bullfights.

The successful rendering of a spectacular bull fight as an entertainment at the world's fair with blunt instruments in the hands of matadors and toreros drew down the wrath of Governor Dockery of Missouri on the proprietors of the entertainment. Attorney General Crow was ordered to take the necessary steps to put the show out of business on the ground of cruelty to animals.

## Census of American Labor.

The census bureau now reports that about 32,000,000 people in this country are engaged in gainful occupations as compared with 29,000,000 in 1900. Of this number one-third are farmers or farm laborers. Women and girls constitute about 20 per cent of the total. According to this report, the American Federation of Labor has an affiliation of about 2,000,000. Between 1,000,000 and 1,500,000 laborers are not

## Japanese Harass Retreating Russians

A week of racing followed the week of terrific fighting at Liaoyang, the tired and defeated Russian army retreating by forced marches along the mud roads to Mukden and then continuing to the next strategic position at Tie pass, while the almost exhausted army of the Japanese hung on the flanks of the Russians in an effort to intercept them. Only by keeping a powerful rear guard in action to fight off the tenacious Kuroki was Kurapatkin able to extricate the main portion of his forces. It was reported repeatedly that this rear guard, under General Meyendorff, had been surrounded and that 12,000 of his men had surrendered, but official reports were either lacking or withheld and rigid censorship paralyzed the press correspondents.

It is estimated the losses of both sides up to the time the Russian main body reached Mukden were from 50,000 to 60,000. The evacuation of Mukden, the ancient Manchurian capital, left the Japs virtually masters of the whole province.

Harbin is the objective point of the Russians, and there the next great battle is looked for.

Port Arthur's brave but suffering garrison was able to resist another big Japanese bombardment and assault, but the new port of the city had been pounded almost to a pulp. The attacking army was being constantly re-enforced.

## Mississippi's Murder Record.

Judge D. N. Miller in his charge to the grand jury of Hinds county, Miss., asserted that the state of Mississippi had 200 homicides to its discredit from Jan. 1 to April 15 of this year, and that it led the states of the country regardless of population in the number of murders committed. He attributed this terrible state of affairs to the fact that the people had too much money with which to gamble and to buy whisky. He said it was in crap games that a majority of the negroes were killed.

## Phi Beta Kappa Life Senator.

Colonel Thomas Wentworth Higginson of Cambridge, Mass., was elected a life senator by the eighth triennial council of the college graduate society known as the Phi Beta Kappa at Saratoga, N. Y., Sept. 7. New charters were granted to Stamford, Mount Holyoke, Wellesley, Smith, University of Texas, University of North Carolina, University of Colorado, Colorado college, Ohio State university and the Women's college of Baltimore.

## Chicago Pupils Nervous.

Statistics recently compiled by medical supervisors of the Chicago public schools show that about one in three of the school children in that city is a victim of some form of nervous disease. This prevalence of nervous disease is attributed to the following causes: The strenuous city life, the impure city atmosphere, the bringing up of children in flat buildings, no relief from noise day or night, lack of proper nutrition, late hours permitted by parents, and residence along cable and trolley car lines.

## Chicago Salaries Restored.

The decision of Judge Dunne of the court of chancery in the suit of Catherine Goggin has restored to 2,300 teachers in Chicago the salaries withheld by the board of education in 1900, amounting to \$249,554, and ended a litigation covering two years. The judge ruled that the board had not the power to make the reduction. It was during the campaign the teachers made to get the necessary appropriation that they added \$1,000,000 to the taxes in Cook county which had been evaded by certain public corporations with the connivance of the law officers.

## RELIGIOUS

## Bishop of Dijon Resigns.

Mgr. Le Nordez in private audience with the pope Sept. 6 resigned his post as bishop of Dijon, France. This is considered a sufficient answer to the speech of Minister Combes in which he announced positively his determination to carry out the policy of national sovereignty and the secularization of society. He said the religious power had openly torn up the concordat, and he would not try to mend it.

## Methodists Abhor Lynching.

The Methodist conference at Statesboro, Ga., Sept. 5 passed resolutions vigorously condemning the recent burning of two negroes and calling upon any member of the church who participated in that outrage to either withdraw or to make public confession and expression of regret.

## Miscellaneous

## Accidents.

In a fire which destroyed a five story tenement house in Attorney street at New York Sept. 5 fourteen persons lost their lives through inadequate protection during a rebuilding of the lower floors.

Six persons were burned to death and four seriously injured by a fire and oil explosion, Sept. 2, at Yellow Creek, O.

During a severe storm on Lake Erie, Sept. 4, five men were drowned by the capsizing of a gasoline launch.

By the explosion of nitroglycerin at an oil well near Upper Sandusky, O., Sept. 4, five persons were killed and three mortally injured.

A southbound passenger train on the Wabash was wrecked near Pendleton, Mo., killing four persons and injuring more than thirty. The day coach left the track and, breaking loose from the baggage and smoking cars, plunged down an embankment.

A local passenger train on the Seaboard Air line crashed through a big trestle over the Catawaba river near Catawaba Junction, S. C., Sept. 9, killing or fatally injuring thirteen and crippling twenty others.

## Deaths.

The Rev. Dr. George C. Lorimer, formerly pastor of Tremont temple, Boston, died at Aix-les-Bains, France, Sept. 8. He was sixty-six years old.

Louis Deibler, known as M. de Paris, who was the state executioner at Paris for thirty years, died at Auteuil, Sept. 8, at the age of eighty-one.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me.

"Better health is all I wanted, and cure if possible. Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy.

"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, which once removes such troubles. Refuse to buy any other medicine, for you need the best.

A Severe Case of Womb Trouble Cured in Philadelphia.

"DEAR MRS. PINKHAM:—I have been cured of severe female troubles by the use of Lydia E. Pinkham's Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince women that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. MAY COVY, 2660 Birch St., Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

## HENCE THE CONFUSION.

"Among ignorant persons," said Frank E. Wallis, secretary of the Architectural League of New York, "there is a belief that architects are useless; that a builder is enough of an architect for all practical purposes.

"I attended a session of court not long ago when an architectural case was being heard. A young architect was put on the stand and after he had given his testimony the lawyer for the opposition began to cross-examine him. The questions ran like this:

"You are a builder, I believe?"

"No; an architect."

"Builder or architect, architect or builder, it is much the same thing, isn't it?"

"No; not at all."

"What is the difference?"

"The young man explained what the difference was and the lawyer with a sneer said, when he had finished:

"Oh, very well, that will do. And now, after your very ingenious distinction without a difference, perhaps you can inform the court who was the architect of the Tower of Babel?"

"The young man smiled."

"There was none," he answered, "and hence the confusion."

## ROCHESTER FAIR, SEPT. 20 TO 23 INCLUSIVE.

Six exhibits, Amusements and horse racing. Low rates via Boston & Maine R. R. New Hampshire's big celebration, the "Rochester Fair," will take place September 20th to 23rd this year. The usual array of exhibits will be on hand and everything from the Cattle Show to the enormous agricultural display will be the same as in previous years, the best that can be produced. The amusement features are so numerous and varied that it would require a long list to simply name them, and the music will be furnished by the best bands in New England. The horse racing will be a grand attraction for the lovers of harness sport, as the races in the business will compete, and the Rochester Fair is always noted for its great racing sport.

Round trip tickets at very low rates including admission to the fair grounds will be on sale at this station and principal stations on the Boston & Maine railroad. Special train service to and from the fair will also be in effect from many stations, and tickets will be good going September 19th to 23rd and returning Sept. 20th to 24th. List of stations and rates, see Boston & Maine posters or inquire of agent.

The temperance meeting on Sunday afternoon in the Methodist church should not be forgotten.

John J. Donovan of Sargent street and Clinton C. Barker of the River district return to their studies at the Massachusetts Institute of Technology on Sept. 27th.

Officer James M. Craig represents the clan and Mrs. James Thompson the ladies' auxiliary for the coming fair to be held by Clan McPherson in city hall, Lawrence, October 17th and 18th.

Of late quite a few deer are seen every day by the farmers in the outlying districts. The does and kids are very numerous while the bucks are not so often seen.

The Eben Suttons will be out for Herbert E. McQueston of Church street resumed his duties as electrician at the southside power house of the Lawrence Gas and Electric company on Monday after a two weeks' vacation spent in Maine.

Mrs. Margaret Winnie met with a painful accident on Sunday. She was descending a railway leading to the cellar at her residence, 26 Phillips court, in the afternoon, when she fell to the bottom. Her left side was injured, but fortunately no bones were broken.

The Sunday school of the M. E. church pleasantly passed Saturday afternoon and evening at Witchfield, being the guests of Foreman and Mrs. S. Wood. Games were played and the occasion was one of much enjoyment. A good sum for the parsonage building fund was realized from the sale of ice cream and cake.

There was a merry gathering of about 25 Saturday evening at the home of Mr. and Mrs. Frank A. Pond 155 Water street. The guests came to wish the worthy couple, who sail today on the Saxonia for a trip to England, a safe and pleasant trip. A choice collation was served and a pleasing program of vocal and instrumental music rendered.

The funeral of Charles B. T. Lovell infant son of Mr. and Mrs. Edwin Lovell took place at 2 o'clock Saturday afternoon, at the home, 11 Main street. There was a large attendance of relatives and friends, including people from Manchester, N. H., and West Boylston. The body reposed in an elegant casket. Among the floral tributes were the following: Bouquet from the parents; spray of asters, A. W. Mulcahey; bouquet, Mr. and Mrs. John McCallion; bouquet, the Misses Emma and Ruth Bell.

## TEAM STRUCK BY CAR.

An Andover bound electric car on the Haverhill and Andover line struck a one of Caterer Tanner's covered wagons on Saturday night on the Haverhill road in front of the residence of J. Gilbert Chadwick. The accident occurred at about a quarter before eight o'clock. Two men were on the wagon. With the exception of one man, the rest were injured.

The residence of Herbert M. Whittier on Essex street. They did not hear the car as it approached and as there was a heavy mist it is supposed that the motorist did not see the team. By the contact the wagon was badly smashed, but its contents were not injured. The two men were thrown out, but not badly injured. One was somewhat dazed. A market wagon was borrowed from Mr. Chadwick and the ice cream was placed in it. The men continued on their way leaving the demolished wagon by the roadside. They arrived at the Whittier farm without further delay.

## THE STORM IN TOWN.

The present storm which many would call a line storm did considerable damage to the streets about town and its continuance today caused much inconvenience to people who wished to be out of doors. There was no session of the grammar and primary schools this morning although the Johnson high school was in session. Perhaps the worst washout was on Sutton street in the sidewalk at the front of the mill office just above the main gate. The water from the mill pond overflowed and cut a waterway fully three feet deep for quite a distance. The material used in building the sidewalk of ashes and sand was washed onto the mill lawn and driveway.

The cars on the local electric lines were considerably delayed by slush, rails and the condition in general. It was late this forenoon before the first car reached Sutton's corner going to Andover over the Haverhill and Andover line. Sand washed into the tracks in several places and it was found necessary to take a hose along to clear them out.

## ELECTED CAPTAIN AND MANAGER.

At a meeting of the young men of the Johnson High school held on Monday afternoon the captain and manager of this fall's football team were elected. Walter S. Wrigley was chosen captain and is well fitted to fill the place. He will probably pay fullback on the eleven. Stormont Josselyn, a young man of ability will manage the team. On Monday afternoon all candidates for the team were called out and the first real practice will commence this week. Methuen high school will probably be the first game of the season. With the material at hand the school should be represented by an exceedingly strong team. Principal Ralph L. Wiggins is enthusiastic over the outlook and will assist the boys in every way possible.

## YOUNG MEN'S CATHOLIC ASSN TO RUN DANCE.

At a meeting of the Young Men's Catholic association held on Monday evening in the rooms of the organization it was voted to conduct a dance. President P. J. Casey was in the chair. A committee was elected to make arrangements for a dance to be held in Merrimack hall on the evening of October 28th. The committee is: John Garvey chairman; Charles Gillispie, secretary, and Harry P. Cunningham treasurer.

## PRESENTED WITH LOVING CUP AND PURSE.

The Charitable Union rooms at the Centre were well filled with parishioners of the Old North church, and friends including a number from out of town, Tuesday evening when a farewell reception was tendered to Rev. and Mrs. Charles Noyes, who left for Norwich, Conn., where they are to make their home.

The rooms were decorated with flowers for the occasion.

Pleasant incidents of the informal affair were the presentation to Mr. Noyes of a photograph group of his Sunday school class by the members, and a solid silver loving cup, appropriately inscribed, and containing a purse of \$250 in gold, from the church attendants.

Master Warren Ellis, son of Mr. and Mrs. Leander S. Ellis, acted as spokesman for the boys, and Samuel D. Stevens for the parishioners in tendering the remembrances of regard.

Mr. Noyes, to whom the gifts came as a complete surprise, gratefully and feelingly responded.

Light refreshments were served during the evening.

Mr. Noyes who has been settled over the historic church for about 20 years, severed his pastorate to the regret of his people, Sept. 1st, having decided to retire from the active ministry. At the meeting when action was taken on his letter, it was unanimously voted to elect him pastor emeritus.

Mr. Noyes is beloved in the Old North church, but the townspeople of all denominations entertain for him the highest regard.

Mrs. Noyes is also highly esteemed by a wide circle of friends.

## YOUNG MEN'S CLUB FAIR.

It is announced that the fair in benefit of the North Andover Young Men's club will be held in Stevens hall on Friday evening of next week, September 23rd. Much interest is being taken in it and its success is assured. The fair will be held but one night, the night mentioned.

A meeting of the Young Men's club was held on Tuesday evening in St. Paul's parish house over which the President, Rev. H. Usher Monro presided. A report was made for the committee on the social held by the club in July by George Woolley and this was accepted.

A committee on relief was appointed. This committee includes: A. B. Hanson, Edward Meghar and George Woolley.

Six names were presented for membership. These will be acted upon at the next meeting of the club. A committee was appointed to arrange for a social to be held on a date in October. To be decided upon later. The committee is: Principals Ralph L. Wiggins, Percy Andrews, A. B. Hanson and W. T. Putnam.

The following committees were appointed by the President, Mr. Monro, in connection with the club fair next week: Table and furniture committee: Beaumont Crossland, John W. Smith, Edwin Stott, and Percy Andrews.

Singles: Shepard defeated Rockwell, 6-2, 6-2; Morrill defeated Smith, 6-3, 6-1.

Doubles: Shepard and Morrill defeated Rockwell and Smith, 6-3, 4-6, 6-1.

## A CHIMNEY TO BE ERECTED.

Michael F. Campbell of 14 Ashland street, who runs a May street, manufacturing woolen wipers for use about machinery in mills and shops has contracted with George Cole of Lawrence for a 60 foot chimney to be erected at his plant to take the place of the present iron one. This chimney will be square and of brick and will be large enough to take from two to four tons of smoke. Work will be commenced on the chimney right away.

On Saturday evening between the hours of 8 and 10 o'clock, Mr. and Mrs. Hubert M. Whittier entertained relatives and friends to the number of about one hundred and fifty at their pleasant home, 891 Essex street, in North Andover. The occasion was a very happy one for the day was the 25th anniversary of their marriage.

Their home, the historic Joseph Carleton homestead, was specially prepared for the reception of guests who came from Somerville, Andover, Haverhill, Boxford, West Boxford, Lawrence and North Andover and several other places.

The evening given for the event was a particularly fine one, clear, with a sky studded with millions of glittering stars.

The approaches to the home were lighted up by the gleams from Japanese and Chinese lanterns.

The home within was beautifully decorated. The parlor where Mr. and Mrs. Whittier received was decorated with red geranium blossoms and a nautarium in profusion, placed against a groundwork of asparagus vine. The dining room, where refreshments were served by Caterer Tanner of Haverhill was decorated a scheme of yellow and white with evergreen and asparagus, used in relief. The guests were served to ice cream and a variety of cakes and to delicious punch.

In the north parlor of the house was to be seen a beautiful and costly array of valuable gifts received on the occasion. Articles of silver and cut glass were presented in numbers. A gift of special notice was a handsome dark quartered oak dining table and a set of dinner dishes, numbering 112 pieces. These were received from Mr. Whittier's folks.

The ushers during the evening were: Miss Kate T. Fuller, Miss Blanche G. Whitman of West Boxford, and Miss Reata Pearl Foster.

The waiters were: Fred D. Whittier, John G. Whittier of Haverhill, William Chadwick and Clinton T. son of Mr. and Mrs. Whittier received the warmest of congratulations upon the event of their arrival at the silver milestone in their married life.

They were joined in marriage on September 10th, 1879, in the Congregational church at North Andover by the Rev. Mr. Pierce, the pastor at that time. The bride was Miss Emma Hayes, a sister of Walter H. Hayes.

By the union there are a son and daughter, Miss Angie H. and Fred D. Whittier who are at home.

After their marriage Mr. and Mrs. Whittier resided a short time in Bradford. The family have resided in North Andover for the past 15 years, and are greatly respected among the wide circle of friends. Mr. Whittier is a prosperous farmer and market gardener.

All four of the family are prominent members of the North Andover Patrons of Husbandry. Mr. Whittier is a member of the Bunker Hill lodge I. O. O. F. having joined during a short residence in Charlotte, N. H. He has for the past three years served as a police officer in the suburban town.

Mr. Whittier is a native of Haverhill while his wife was born in Rochester, N. H. The family attend the Congregational church at West Boxford. In departing the guests wished their host and hostess many prosperous returns of the day.

## TEMPERANCE MEETING SUNDAY.

A temperance meeting will be held on next Sunday afternoon in the Methodist church at 2.30 o'clock under the auspices of the Rescue lodge, I. O. G. T. The Rev. George E. Sanderson will preside. The church choir will render selections. Mrs. James Campbell of Sutton street will preside at the organ.

Dr. C. W. Hadden of Newburyport, the widely known temperance advocate, is to give the address and in the evening will address a union meeting in the Congregational church in Ballardvale, under the auspices of Ballardvale lodge. At the afternoon service he will be present from the Lawrence, Andover, Haverhill and Newburyport. Dr. Hadden, the speaker of the day, has been identified with the temperance movement for over thirty years, during which time he has persuaded thousands of drinking men to sign the pledge and placed many thousands of drunkards to a life of total abstinence. He is a member of subordinate district and grand lodges of Good Templars, an honorary member of the Newburyport W. C. T. U., and an active member of the Brotherhood of Andrew and Phillip of the Haverhill Congregational church of Newburyport.

## Letter to Valpey Brothers.

Andover, Mass.

Dear Sirs: Devoe is worth \$4 or \$5 a gallon, put-on; how much is another paint worth?

Depends on how many gallons you've got to put-on, to be equal to one of Devoe.

Mr. J. J. Hall, Sheffield, Pa., painted two houses one coat, five years ago, lead and oil, took 40 gallons.

Last summer bought 40 gallons Devoe for same houses; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y., owned two houses exactly alike; painted one with Devoe, the other with lead and oil. The other with something; took 12 gallons.

What'd you give for those oil paints? Bear in mind, you've got to pay for the painting.

Yours truly,

F. W. DEVOE & CO.,

44 New York.

SEPTEMBER A DELIGHTFUL MONTH IN THE MOUNTAINS. LOW RATES VIA BOSTON & MAINE R. R.—The fall is the ideal time of the year for a visit to the White Mountains. The forests are rich in their beautiful autumnal mantle; and the sharp, brisk, invigorating quality of the mountain atmosphere infuses one with life. The usual apathy of summer is lost, and one feels inclined to ramble and stroll to the numerous haunts and walks in this great natural park.

The wonders of the mountains are many and the scenic vistas are rare and handsome. At intervals are the beautiful verdant valleys leading to the domed summits of Big Thorn, Little Thorn and Baby Thorn mountains; while away in the distance are the towering peaks of Mt. Washington, Jefferson and Madison. Mt. Washington, the grand observatory of the mountain region with its novel incline railway, invites the traveler to make an ascension; while the natural wonders of the Profile, Franconia and Crawford Notches are beyond description.

From September 15th to October 8th, the Boston & Maine Railroad will have tickets to all White Mountain points. Side trips will be on sale in the mountains at low rates; and the hotel proprietors will make special low rates for the fall tourists. For rates, etc., see Boston & Maine Maine posters.

Apply to the General Passenger Department, Boston & Maine Railroad, Boston.

## "GOOD THINGS DONE UP IN SMALL PACKAGES."

Sylvester R. Burch, chief clerk of the Department of Agriculture, comes from Kansas.

A Kansas farmer called on Mr. Burch in Washington, and all the farming marvels of the department were shown to him. He was silent.

"I tell you what it is, sir," said Mr. Burch enthusiastically, "the time is coming when a man will be able to carry all the fertilizer for an acre of ground in one of his waistcoat pockets."

"I believe it, sir," returned the farmer, "but he will then be able to carry all the crop in the other."

LEFT TEACHING TO GO ON THE STAGE, BEING STRANDED IN BOSTON COMPELLED SCHOOLMA'AM TO ACCEPT ENGAGEMENT WITH THEATRICAL COMPANY. — Those who see Miss Mollie Egbert in her athletic costume of red at the head of the famous "club-swinging girls" in the production of "The Beauty Doctor," little imagine that little more than a year ago she was the sober and sedate schoolma'am in a public school of a Western city. When she attended the convention of the National Educational Association in Boston in July of last year, she was put upon the program for an exhibition at one of the entertainments given for the visiting teachers. Manager Fred E. Wright, who was at that time in Boston arranging for the production of his play of "York State Folks" and also organizing his "The Beauty Doctor" company, saw Miss Egbert in her club-swinging exhibition, which she gave attired in modest but attractive bloomer costume. Now in "The Beauty Doctor," the chief character, a beauty specialist, in advertising her wares, exhibits results of her physical culture method in a club-swinging drill which is a feature of the performance. Manager Wright wanted an expert to teach his chorus and lead it in this number. The matter was on his mind at the N. E. A. entertainment which he attended, and when he saw Miss Egbert's exhibition he sought her out and made her an offer at once. The salary was so much more than the young woman was earning in the Western town that it tempted her. Miss Wright was communicated with, and Miss Egbert at the head of the "club
